TOWN WARRANT

(L. S.)

To the Inhabitants of the Town of Enfield, qualified to vote in Town Affairs:

You are hereby notified to meet in Whitney Hall in said town of Enfield on the Tenth day of March next at Nine of the clock in the Forenoon of said day to act on the following subjects:

Article 1 To choose all necessary Town Officers required by law to be chosen for the ensuing year.

Article 2 To choose one Trustee for three years for the purpose of holding all Trust Funds of the town.

Article 3. To see what action the town will take with regard to authorizing the Selectmen to borrow such sum or sums of money as they shall deem necessary in anticipation of taxes and the sums so borrowed to be paid during the ensuing year.

Article 4. To see if the town will vote to raise \$2500.00 for State Aid Construction, along the 4th New Hampshire Turnpike, the State to furnish \$10,000.00. or act thereon.

Article 5. To see if the town will vote to raise \$200.00 for the eradication of Blister Rust.

Article 6. Pursuant to a petition of ten legal voters, To see if the town will raise the amount of \$1500.00 to purchase a truck and equipment for the Fire Department.

Article 7. To see if the town will vote to divert the balance of \$1957.66 now held by the Town Treasurer to the payment of Town Notes now held by the Trustees of Trust Funds.

Article 8. To see if the town will vote to accept and raise the several amounts as set forth in the Budget as prepared by the Budget Committee, or act thereon.

Article 9. To see if the town will vote to instruct the Selectmen to petition the Superior Court for the discontinuance of the road leading, Southeasterly from the new layout of the U. S. 4 Highway to the Enfield-Canaan Town Line.

Article 10. To see if the town will vote to have the accounts for the ensuing year, of it's several Town Officers, audited by the Municipal Accounting Division of the State Tax Commission, or act thereon.

Article 11. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen and pass any vote thereto.

Article 12. To take any vote or transact any further business that may legally come before said meeting.

Polls open at 9:30 A. M. Close 5:30 P. M.

Given under our hands and seal this twenty-first day of February A. D 1942.

Budget Committee's Report

1942

Budget Estimates:

Current Maintenance Expenses:

Town Clock Expense less due to no insurance cost for 1942.

General Government: The first item, Town Officers Salaries has been increased \$275 from \$1722 to \$1997.

Your Budget Committee feels that your Selectmen, Auditors and Supervisors of Check List, are and have been for several years, underpaid. Their duties have been increasing each year, therefore we have recommended an increase of \$75 each for the Selectmen, \$10 each for the Auditors and \$10 each for your Supervisors of the Check List.

Town Officers Expenses: About the same as last year.

Election and Registration Expenses: Increased this year from last year's actual expenditure of \$70.20 to \$120 owing to State Election and primaries.

Municipal Court: Same as last year \$200.00.

Town Hall and Whitney Hall: We recommend \$2150.00 to take care of necessary repairs of roof, increase of Janitors Salary of \$100.00 and \$700.00 to be included for New Heating equipment for Whitney Hall, to be expended under direction of the Board of Selectmen.

Protection of Persons and Property: Police Department, same as last year.

Fire Department: Same as last year.

Blister Rust; No recommendation.

Health Department: Same as last year.

Vital Statistics: Increased to \$50 owing to increased labor in recording.

Highways and Bridges:

Street Lighting: Same as last year. The decrease this year was due to a refund on lights on Shaker Bridge.

Brush: Same as last year.

Roller and Tractor: About the same

Bridges: Same appropriation.

Oiling: Same amount needed.

Libraries: Same as last year.

Public Welfare:

Town Poor ou Direct Aid: Increased to \$1400 owing to some hospitalization need increased assistance certain.

Old Age Assistance: About the same.

Patriotic Purposes: Memorial Day, same as last year.

Public Service Enterprises:

Cemeteries: Same as last year to care for Town Cemeteries as required by Public Statute.

Interest: On temporary loans \$50. On Principal of Trust Funds used by Town \$25.

In explanation of this decrease on interest: A surplus has been accumulated this year by your Board of Selectmen, thru good management, of a trifle over \$1900. and your Budget committee recommend that this amount be used for the retiring or payment of the Trust Fund Note, thus leaving this town free of debt, consequently a reduction in your interest on long payment notes.

State Aid Construction. (Orange System) We have made no recommendation for this as there is an Article in the Town Warrant for your consideration.

County Tax, estimated about \$500. more this year or \$4500.

Payments to School District: Owing to an estimated increase of Salaries to Bus Drivers and Teachers we recommended \$19500, an increase of 500 over last year.

Special Acts: We have recommended under Special Articles in your Town Warrant for defense work. Fire:—

Police 75.00

Health 25.00

With the above recommendations, our budget is completed and we call your attention to the following estimates for your town property tax: Total appropriations recommended less estimated revenues, plus overlay at maximum and based on last years valuation we have arrived at an estimated tax rate of 3.43 per \$100 of valuation.

We also call your attention to the fact that for every \$1000. added to the Budget, the tax rate will be increased .08c and the same bill be true that for every deduction of \$1000—a reduction of 8c will result.

Recommendations

No appropriations for State Aid Construction (Orange System) was included in our Budget for the reason it was felt that owing to war and State conditions, scarcity of labor and increased cost of labor and the statement of our State Highway Commissioner, Mr. Everett which we quote "It is a fact that it will be some years before this entire length of road (Turnpike so called) can be completed for the reason that Springfield, Wilmot and Grafton have considerable mileage to build

and I doubt, outside of the town of Wilmot, if the other towns on the Turnpike will do any construction this year."

No recommendation was included in our Budget for Blister Rust Control, this year, as owing to the scarcity of labor and the fact that our inquiries failed to assure us that an expenditure of \$200 at this time was wise.

Miscellaneous:— Under this item we have included (the same as last year) a recommodation of \$50.00 to Dartmouth Lake Sunapee Region for advertising.

At the Public Hearing Thursday Evening, Feb. 19 your Budget Committee was asked to recommend an appropriation of \$1500.00 for the purchase of a second hand truck, to be used by the Fire Dept. and Auxiliary Defense for transportation, but as this came too late for the Committee to properly consider the proposition, it was decided to leave this proposition for the town to decide, (as they would be obliged to do in any case) in a Special Article in Town Warrant, while considering the proposition has its merits, we make no recommendations.

The Budget committee feel that the Town owes at least a vote of thanks, to our present Board of Selectmen for their able management of Town affairs in thus creating a surplus of over \$1900 which can wipe out our indebtedness.

We also wish to thank the School and Town Officials for their cooperation and help in preparation of our Budget for 1942.

Respectfully Submitted,

FRANK B. ARNOLD, Chairman,
ARTHUR A. WORTH, Secretary.

Annual Report of the Librarian of the Enfield Public Library

10,127 books were loaned to Enfield Citizens from the Public Library during this past year and over 800 citizens are regular patrons of the Library. A fine collection of new books has been added this year including recent fiction and books on current political questions. The Bookmobile from the New Hampshire Public Library Commission calls at Enfield regularly every three months and offer our patrons a still wider selection of new books. A large number of gifts of books and magazines has been received and greatly appreciated. Mr. George Mck Roberts of New York City has presented the librarian with a set of beautiful New Hampshire posters published by the State Planning and Development Commission, which will be framed later and placed on the walls of the library. A new case has

been built in the reading room, especially planned to display new books and magazines, and another case has been rebuilt and is already filled with our growing valuable collection of Enfield and other New Hampshire historical material. This latter material is now in a place where it can be consulted more easily and also quickly removed in case of fire. The Compton's encyclopedia, which was given the library by the Enfield High School Alumni ten years ago, and which has been one of the most used tools in the reference collection, has been exchanged for a new up-to-date edition of the same including the early events at Pearl Harbor and with the promise of an annual war supplement. The librarian and staff are at present actively cooperating with the state and national groups in the Victory book campaign and every person able to contribute suitable books for this purpose is urged to do so. Through the State Library we are able to obtain reading material for persons engaged in or training for defense occupations and we have been promised a collection of pamphlet material on civil defense. Plans are being made for adequately protecting any valuable books or papers in the library in case of a military emergency. The library, with the school, holds an important place in the National defense program and in the education of our youth. John Studebaker, Commissioner of education for the U. S., said recently: "When people are burning books in other parts of the world, we should be distributing them with increased vigor; for books are among our best allies in the fight to make democracy work."

Report of the Forest Fire Warden

Once again we were very fortunate during the past year as we had only three forest fires, two grass fires and one at the town dump. A total of about one and one half acres burned over. There was comparatively no damage done.

Many Enfield Residents pay strict attention to the State Law requiring permits for kindling fires at times when the ground is not covered with snow but there is Room for Improvement in respect to obtaining permits and everyone should comply with the law which clearly states that the person responsible for careless setting of fires is liable for the damages caused.

I want to express my appreciation of the Town Officials, Firemen, Deputy Wardens, and to the Citizens of Enfield and the Lebanon District Office and urge the continuation of this aid in keeping fire damage at the lowest possible amount for the coming year.

Respectfully Submitted,

HENRY A. LARAMIE

Forest Fire Warden.

Supplement to the Report of the Forest Fire Warden

Town of Enfield 1941

Number of Forest Fire Reports	9
Number of Actual Forest Fire	3
Number of Investigations only	6
Estimated Acreage of Area Burned over	1.5
Number of Forest Fire Permits Issued	230

Forest Fire Tools on Hand:

1500 ft. 2-½ inch Hose	3 Hoes
1000 ft. 1-½ inch Hose	11 Pulaski Tools
1 Portable Pump	2 Crosscut Saws
15 Knapsack Pumps	2 Crosscut Saw Wedges
18 Shovels	4 Canteens
8 Mattocks (Hazel Hoes)	36 Water Pails
6 Axes	15 Lanterns

ANNUAL REPORT

OF THE

ENFIELD SCHOOL DISTRICT

Enfield, New Hampshire

1942

The School Board of the School District of Enfield is continuing the policy of presenting to the School District each year the financial report of the receipts and expenditures of the department and an estimated budget for the operation of the schools for the succeeding year. These documents, together with the report of the Superintendent of Schools, constitute the School Report to the Enfield School District,

Mrs. Lousia M. Stratton,

Mr. Henry H. Pratt,

Mr. Phillip V. V. Tobin.

Enfield School Board Budget

1942—1943

	Budget	Estimate
	1941-1942	1942-1943
Administration		
Salaries of officers	\$ 206 00	\$ 206 00
Superintendent's excess salary	560 00	560 00
Truant officer and school census	50 00	50 00

EDGAR R. CUMMINGS,
District Treasurer.

AUDITOR'S CERTIFICATE

(Required by the State Board of Education from all
State Aided Districts.)

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Enfield, of which the above is a true summary for the fiscal year ending June 30, 1941 and find them correct in all respects.

WAYLAND F. DOROTHY,
HERBERT E. WALBRIDGE,
Auditors.

July 10, 1941.

FINANCIAL REPORT OF THE ENFIELD SCHOOL DISTRICT

For the year July 1, 1940 to June 30, 1941

Receipts

Raised by Taxation:		
(From Selectmen)		\$19,400 00
From Sources Other than Taxation:		
State Equalization Fund		3,993 04
Dog License from the Selectmen	\$340 81	
Elementary School Tuitions	394 00	
High School Tuitions	210 00	
Income from Local Trust Funds	35 00	
Other Receipts	220 07	1 199 88
Total Receipts, all sources		24,592 92
Cash on hand, July 1, 1940		9 31
Grand Total		\$24,602 23

CORRECTION

The School Board Budget has been amended as follows: The item for Transportation increased \$300 00, making the total budget estimate \$25,140 00. The estimated income for State Aid has been increased to \$4,500.00, making the total estimated income \$5,640.00. This income deducted from the budget total leaves the balance to be raised by taxation as \$19,500.00 the same as the original request of the school board.

AUDITOR'S CERTIFICATE

(Required by the State Board of Education from all State Aided Districts.)

This is to certify that we have examined the books, and other financial records of the school board of

Enfield, N. H. of which this is a true summary for the fiscal year ending June 30, 1941, and find them correctly cast and properly vouched.

HERBERT E. WALBRIDGE,
WAYLAND F. DOROTHY,
Auditors.

July 10, 1941.

Annual Report of the Superintendent of Schools

To the School Board and Citizens of Enfield:

It is again necessary to present an annual report of a superintendent of schools. It is one of a long series of such reports presented by the school board and superintendent to the citizens of Enfield, the eighth by the present writer. The school board has accepted it as a part of its report to the school district in conjunction with the financial and statistical material of that board.

PURPOSE. Like all annual reports this will contain data which is of some historical significance. It will also discuss briefly several of the changing activities of the schools. It will avoid anticipating new activities which will have any marked effect upon the school budget, although there are several opportunities for improved facilities for the children of Enfield.

PRELIMINARY. The work of the schools ending June 1941 progressed in accord with previous plans. There were no marked changes in procedure and the work moved along without serious difficulty. Since that time so many changes have taken place, both locally and nationally, that it can be said only that the progress made since the beginning of the year has been unavoidably retarded to a limited degree. No one can foretell nor adequately visualize what needs may arise nor what changes will take place so far as public schools are concerned within the next twelve months. But it can be asserted that a conscientious effort is being made by everyone to meet whatever conditions confront the school situation.

TEACHERS. Enfield was unfortunate in having separated from its service for diverse causes, several of the teachers who had rendered good service to the community. Particularly, everyone was disappointed to know that the headmaster, Mr. Moody, who had served the high school faithfully and well over a period of several years, found it advisable for his own interests to accept employment elsewhere. The net result of the entire teacher change was to the effect that of the thirteen teachers employed, but four of the former teachers remained in service. As a matter of record, it may be stated that one left for service in the United States Army, three because of marriage, and five (including the headmaster) because of more desirable educational and teaching opportunities. A definite effort was made to select personnel which would maintain some of the values that have been secured in the schools for a period of years. Some of the replacements were persons of experience and standing in the profession and others were selected from among the groups of beginners. It can be truly said that in general the losses have not been so material as might have been expected under the circumstances.

HIGH SCHOOL. There have been few new developments in connection with the work in the high school. We were unfortunate in not being able to secure an adequately trained teacher in the field of manual arts for boys, but have managed to carry on a program of such activities with one of the teachers who has developed an interest in that field but who had not had previous training. The general atmosphere of the school is improving and the teachers as a whole are building up an esprit de corps among the pupils which in the long run will help greatly in improving the general morale of the school. It is regrettable, but cannot be avoided, that in times of in-

creased industrial expansion the older pupils (particularly the boys) in our high schools leave to enter civilian occupations. Parents and the young people themselves should realize that this is not always a wise practice. Past experience seems to indicate that in times of lesser industrial activity those people with the stronger educational background are usually the ones who are continued longer in their occupations. It should be of prime importance to every parent to give every possible assistance to his boy or girl to enable them to at least complete the four years' work in the high school, provided their achievements are such as to warrant such procedure.

BUDGET. The extended table of expenditures which was presented last year is included in this report with the addition of the proposed changes in the budget for the ensuing year. The budget itself, which is found on a preceding page, shows no outstanding difference from the budget of last year. A small in-

crease in the item for teachers' salaries and small increases in the items for fuel and medical inspection make up the entire amount of the added requirements. This less a certain small decrease in estimated tuition for elementary school and estimated payment for per capita tax, means that the entire increase in the budget is \$130.00. It is probable that the State Aid will be in the vicinity of \$4200 and that the other estimated income will be decreased because the Canaan School District has been transporting their own children to the Canaan School, so that the total amount to be expected from income is only \$30.00 more than that of last year. This means that the net request for the school district to raise by taxation will be \$19,500., or \$100.00 more than that requested in 1941.

Year	Actual Expenditures	Tax Levy	State Aid	Yearly Balances
1930-31	\$25328.99	\$23000.00	\$2543.52	\$3376.93

1941-42		19500.00	4482.83	

PREPAREDNESS. World conditions have undergone such rapid changes during the past twelve months that it has become more and more apparent that the emphasis which has been made upon the democratic

way of life during the past three or four years needs constantly to be reiterated and kept before the minds of our younger citizens. A recent survey was made for Fortune Magazine, which brings out the following information: The American public generally believes in: 1) the freedom of the individual; 2) the opportunities afforded the individual by the democratic society; 3) the liberties and privileges afforded the citizens in such a society. It was pointed out that there is a vast store of common sense among the everyday citizen. The instruction in our schools continues to be of such a nature as to try to emphasize these various outlooks upon life and to assist the young people, so far as is possible, in the public schools in arriving at desirable conclusions. This does not mean indoctrination of any type. The events of the last two or three months in particular have emphasized another need, which is that of preparedness to meet eventualities if and when they arise. Your schools have been organized and drills have been carried on to the end of protecting so far as possible the lives of the boys and girls should these extreme measures be forced upon us by overt acts of foreign enemies. Care has been taken to provide proper supervision and adequate protection against panic, and actual protection in case of dire need. It is the aim of the schools also to assist the boys and girls in building up, so far as may be practicable, an emotional stability or poise which will not be too much upset by extraordinary happenings. It is planned that this effort may result in enabling the young people to carry on in spite of adverses or unusual successes. It has been continually felt that one of the best approaches toward accomplishing these ends is that of carrying forward the school program with such vigor and determination that eventually may result in aiding the homes in providing a well-

balanced attitude toward life, in addition to such knowledges and skills as may be of value to the young people in their present situations and their future activities.

SCHOOL LUNCHESES. Through the opportunity afforded by the W.P.A., it has been possible to inaugurate a plan for school lunches in the village school. The utilization of the surplus commodities furnished by the government and this helper have given us an unusual opportunity which may or may not be continued in the future. It is possible that there will be few, if any, surplus commodities and more people will by carrying on in industrial occupations, lessening the number of persons to be carried by the W.P.A. In view of these facts, if hot lunches are to be continued another year it may become desirable to solicit contributions for such lunches from the homes of the children and from such citizens as may be inclined to wish to aid in supplementing the regular lunches which the boys and girls bring from their homes.

HEALTH. One of the primary objectives of the public schools for the past several years has been that of assisting in the program for improving the health of the children in the schools. This has been for several reasons. Primarily, it has been for the purpose of developing physiques which will be better able to endure the hardships of life. The school also is interested in making it possible for every child to attend school as many days during the school year as is physically possible and wise, and finally, it has been found by actual experience that the child healthy both mentally and physically adjusts himself to the learning process more readily and therefore gains his required knowledges and skills without too great a strain upon his physique. Correct posture, care in both heating and ventilation of school rooms,

guidance in regard to appropriate diets have all been considered of importance in this program. Meanwhile, medical information has been made available to the public schools and teachers have been given access to such information as relates to the health of the boys and girls, all with the result that there is a more intelligent approach to this problem than at any time. Protection of groups in the case of contagion has been emphasized and the school nurses have checked and have assisted the teachers in checking onsets of such diseases so far as symptoms are concerned, until local epidemics have usually been less virulent and less prolonged than formerly was the case. Parents still need not only to cooperate fully with the teachers and nurses in carrying on this program, but also can do much themselves toward preventing exposure of other children. It has become more and more certain that the common cold is highly contagious and is so much related to the onset of several of the children's diseases as to indicate that a child suffering from such an affliction, whether it be continuous sneezing or coughing or any number of the symptoms of nose or throat difficulties, should be kept at home by the parents. School officials are more and more concerned with the need for caution in respect to the health of the children than they are in perfect attendance. While it is desirable that every child should be in school every school day when it is in session, it is never desirable to have children showing symptoms of communicable diseases in attendance merely for the sake of keeping up a record. This means that every child should be in attendance upon school on every school day that it is possible for him to attend. It does not furnish an excuse for the child to remain at home because of some imaginary ailment. Parents are particularly urged to return to the schools, either to the teacher

or school nurse, any health cards or health notices which have to do with the welfare of their children. Please do not neglect this important duty. Those in charge of the health work in your schools are particularly anxious to enlist the co-operation of all parents in these regards and to give willingly such of their time and effort as may help in the prevention of a wide contagion of any type and in the generally improved physical condition of the growing child.

COMMENT. Pupils, teachers, superintendent, and school board wish to extend to the citizens of Enfield their sincere appreciation for all co-operation received. The many activities of the schools make it almost impossible to record every change or every progressive development in the plans for accomplishing the work. There seems to be a generally improving understanding of the work of the schools. Those connected with the schools are ever on the alert to do their part toward providing the boys and girls with the fundamental skills necessary to carry on in an evolving society.

Respectfully submitted,
ROBERT J. FULLER,
Superintendent of Schools.
